

TOP GLOVE ENTERS S&P GLOBAL SUSTAINABILITY YEARBOOK FOR THIRD YEAR

14 February 2024 / 12:02

Top Glove Corporation has announced on its inclusion in the esteemed S&P Global Sustainability Yearbook 2024 for the third year in a row.

This honour is accorded exclusively to companies within the top 15% of their respective industries, based on the number of achievements and a minimum Corporate Sustainability Assessment (CSA) Score of above 30. Additionally, qualifying companies rank amongst the top 30% of their industry's top-performing companies.

Top Glove's score was also among the highest out of the 13 companies within the Health Care Equipment Supplies industry category globally in the CSA, as at the score date of 7 February 2024.

The Sustainability Yearbook is a well-regarded publication by S&P Global, showcasing leading companies worldwide that excel in their environmental, social, and governance (ESG) performance. Out of over 9,400 companies extensively evaluated in its 2023

Corporate Sustainability Assessment (CSA), only an elite 759 were selected for inclusion in the prestigious Yearbook, making Top Glove's achievement truly commendable.

"We are deeply honoured to be recognised once again in S&P Global's Sustainability Yearbook," said Mr. Lim Cheong Guan, Managing Director of Top Glove. "This achievement is a testament to the collective efforts of our employees, stakeholders, and partners who share our commitment to sustainability. As we celebrate this meaningful milestone, we remain steadfast in our dedication to lead by example in driving positive change and creating a more sustainable future for generations to come."
