PRESS RELEASE

For Immediate Release

TOP GLOVE'S FACTORY IN THAILAND AWARDED NATIONAL COOPERATIVE EDUCATION AWARD

Top Glove Thailand factory nationally recognised for its internship programme

Songkhla, Thursday, 6 June 2019 Top Glove's Factory 7, Top Glove Medical (Thailand) co. Ltd was declared a winner in the National Cooperative Education Awards 2019 under the large corporation category by the Thailand Ministry of Higher Education, Science and Innovation, garnering significant recognition for the company's employment practices. The award acknowledges the company's efforts in providing an efficient, supportive and informative platform for university students to perform their internship programme at Top Glove.

Factory 7 was initially nominated by the Prince of Songkhla University as the best company for Cooperative Internship (university level) and was selected the regional winner amongst all nominated companies in lower South Thailand. It then proceeded to win the National Cooperative Education Award 2019.

Top Glove's well-planned internship programme - which provides trainees with clear job descriptions, a structured mentor and buddy system, a competitive allowance, accommodation (if needed) and many staff benefits which include access to the company gym, and also boasts positive testimonials from former trainees - were some of the main reasons why Top Glove was nominated. Additionally, the company has continuously maintained active partnerships with numerous universities.

Top Glove Executive Chairman, Tan Sri Dr Lim Wee Chai remarked, "We are proud to have won this award. We believe it is important to provide good internship opportunities where interns benefit from hands

on experience and exposure to a real working environment and job tasks, as this will help shape a quality workforce of tomorrow. We also owe this award to the unique Top Glove culture, which is health-centric and based on sound principles. We encourage everyone to stay healthy physically and mentally and practise good values such as being honest, acting with integrity and transparency. Quality people are indeed the foundation of a company. Our people play an important part in driving our business and I am grateful to all our employees for positively contributing to the company's successes and look forward to working with our people towards achieving our long term goals.”

###
